

## FOREIGN LIMITED PARTNERSHIP REGISTRATION CHART

When a limited partnership desires to transact business in a jurisdiction other than its state of formation it must comply with the statutes of the state (s) in which it wishes to conduct business.

The following chart sets forth the documents required to register as a foreign limited partnership in all 50 states and the District of Columbia and contains the following information:

- **Column 2** - sets forth requirements for the limited partnership name. Each jurisdiction requires that a specific word or words appear as part of the title of the limited partnership, i.e. 'limited', 'Ltd.', 'limited partnership' or 'L.P.'. In addition, this column sets forth any restrictions to the use of certain words. Statutes generally require the name to be distinctive or not deceptively similar to an existing domestic or foreign limited partnership or domestic or foreign corporation.
- **Column 3** - sets forth whether or not NRAI can provide the Registered Agent and Office for the limited partnership.
- **Column 4** - sets forth the forms and requirements for completing the registration of the foreign limited partnership.

- **Column 5** - sets forth the minimum official disbursements required to be paid to register as a foreign limited partnership. ***The minimum fees do not include the cost of the certifications required to register.***

This **Chart** is meant to be a **summary exclusively**. Please consult the individual Registration Outlines for complete details on registering in a given state.
